

MAINTENANCE TECHNICIAN

Edon Management is looking to hire a Maintenance Technician to perform commercial maintenance and repair services for a Husky facility based in Lloydminster. The successful candidate will coordinate with staff to ensure daily upkeep of the facility to maintain regular business operations. For more information, please visit www.edonmgmt.com

Here's what's waiting for you...

Competitive Compensation Package includes:

Full-time, weekday hours
Competitive Salary

Family Dental & Health Benefits
Employee RRSP Program

Cell Phone Allowance
Work Boot Allowance

Here's how you'll make a difference...

Major Responsibilities

- Perform maintenance in accordance with work order requests, including minor plumbing, tap and toilet repairs, light bulb replacements, etc.
- Coordinate furniture and office moves
- Perform building and mechanical room walk-throughs to look for building deficiencies, leaks, cleanliness issues, tenant concerns, etc.
- Coordinate with subcontractors and in house staff to prepare work permits, and provide safety orientations and orientation of the Husky site
- Assist with maintaining the cleanliness of exterior and interior public spaces throughout the portfolio
- Monitor overall caretaking of the facility and address caretaking deficiencies
- Assist with landscaping responsibilities as required
- Respond immediately to service requests and emergencies that address client and building related issues
- Portray a favourable image of the organization as the front-line contact with clients/tenants and subcontractors

Experience & Qualifications

- Minimum two years of experience in commercial building maintenance
- Completed Grade 12 education
- Physically fit, able to stand, crouch, kneel for long periods of time and lift in excess of 30 pounds
- Strong command of the English language (written and verbal)
- Strong customer care and communication skills
- Able to use basic power tools and complete basic building maintenance
- Owns a personal vehicle and has a valid Driver's License and clean Driver's Abstract
