- Full-time (Tuesday to Friday, 6:00am - 4:30pm)
- Ongoing educational assistance
- Career and professional development opportunities
- Occasional after hours work

Competitive Compensation Package

Competitive Salary

Family Dental & Health Benefits

Employee RRSP Program

Here's how you'll make a difference...

Major Responsibilities

- Perform electrical repairs and maintenance services in accordance with electrical code specifications, including but not limited to assembling, installing, repairing and maintaining electrical equipment and components; testing continuity of circuits; troubleshooting and isolating faults in electrical and electronic systems; and replacing faulty components as required
- Assist with completing electrical preventive maintenance in accordance with the Preventive Maintenance Program including fire alarm inspections, maintenance and repairs, and emergency lights testing
- Perform tasks in the improvement of facilities that address building and client issues
- Read and interpret drawings and electrical code specifications
- Respond to service requests and emergencies
- Adhere to Edon's Quality Management System policies as well as OHS legislation and regulations
- Interact and establish good customer relationships with client contacts

Experience & Qualifications

- Holds a Journeyman Electrician certificate in the province of Alberta
- Fire alarm inspection, testing and maintenance certification
- Minimum four years operational experience in facility operations
- Ability to read plans as applied to technical areas
- Strong communication, customer service and problem solving skills
- Proven experience in exercising good judgement under pressure
- Owns basic electrical tools to perform building maintenance and repairs
